NOT A REPUBLICAN FIGHT.

Republicans will look on with great equanimity while democratic fight over the congressional gerrymander. D. Anderson's plan means a republican representative for Rock, while if Mr. Winans wins the loss sustained by Rock will be made up for the knowledge of a better fighting chance in the state at large.

There is nothing to indicate that republicans need to make a stand for either plan. The work is being done by democrats for democrats. Either of the leaders had shown a desire, being at a really fair apportionment it would be proper for the republicans to aid by their suggestion one or more whatever scheme might appear in most responsible. But as Dr. Anderson remarks, "we have done the best for the democrats that it is possible to do." This is the purpose both in the Anderson and Winans plan, and the general inclination among republicans is to stand aside and watch the collision.

A WEEK OF HARD WORK.

The present week promises to be a week of much political interest. The boards of registry will meet in the several wards to-morrow for the purpose of perfecting the registry of voters. But one week remains for the candidates to make their canvass. All will be actively at work. The indications are now most favorable for the election of Dr. St. John for mayor by several hundred majority. The republican city ticket is also in favor at this time and republicans predict victory for their candidates in four wards. The democrats are making a desperate fight to elect their candidates for aldermen, but the chances are greatly in favor of the republican candidates. All who favor a law and order administration are advised to stand firm, vote for Mayor St. John as the citizens' candidate, and to the republican nominees for the other offices, and the ticket will be a winner by several hundred majority.

THE DEATH OF MR. LAPPIN.

The news that Thomas Lappin is dead will be read with sorrow by every resident of Jacksonville. His splendid struggle for life against the encroachment of disease has been watched by all with a feeling of personal interest and anxiety which the sickness of probably no other man in the community could arouse. He has finally succumbed, and his death will be felt as a loss which will not soon be repaired. In him there passed away one who used the means at his command not to crowd out others, but to build up the city and advance the interests of his fellow men. His sunny nature and genial ways will serve as his monument years after the buildings which he erected have been swept away.

Dr. Anderson's frankness may be unpleasant for his party some of these days. "One thing is certain," he remarked, "the democratic vote cannot be spread out so thin as to reach all over the state and carry every district. We have done the best for the democrats that it is possible to do." Clearly there was no lack of intention to gerrymander in the interest of the democratic party. As a matter of fact no one would have made any such change after a study of the district map.

THE DAY OF FLOWERS.

Janesville Churches' Fifty Obs. serve Easter Sunday.

FLOWER-BANKED ALTARS

Special Services for the Children in Christ And Trinity Churches—Smith's Orchestra at St. Patrick's Church—Appropriate Observances in Others.

The perfume of flowers floated through the half open door of Janeville churches yesterday morning. All the churches had floral decorations and in most of them there were special Easter services.

Besides all this it was "new hat day." Men, fair to look upon, young men old men and women all wore new hats. The picture in any of the churches was pretty one. Every seat was taken in all the sacred edifices with congregations such as assemble but once a year.

Old Trinity's Choral Service.

At Trinity the services were especially pleasing. Rev. James Slidell, the rector, conducted worship both at 6 and 10:30 o'clock. At 10:30 the church was filled to the doors. Then the chant of many voices was heard, and the surprised choir, all boys, singing the processional hymn filed into their seats. During the whole service the music was especially fine. The programme was carried out as follows: Processional Hymn; Christ, Our Passover, Humphrey; Gloria Patri, C. L. Williams; Te Deum, O. L. Williams; Jubilate Deo, Thorpe; Hymn, 103; Kyrie, Hymn, 102; Anthem, "Who Seek Ye the Living?" O. Simper; Communion Hymn, 27; Gloria in Excelsis, Old Chant; Nunc Dimittis, Anon; Processional Hymn, 557.

Fragrance of flowers filled the church. Potted plants and cut flowers were placed upon the altar and pulpit. The services in the evening were held more especially for children, and the savings of the children during Lent formed part of the offering.

Chill dren at Christ Church.

At Christ church a portion of the day was given up to the little people. A bank of potted plants hid the chancel rail from view, and at the close of the evening service these plants were distributed among the children of the Sunday school to care for until another Easter, when they will again serve to brighten the church. The musical service in the morning was as follows: Processional hymn 99; "Christ Our Passover," T. Smith; Gloria, Jubilate, Aldrich; Hymn 103; Kyrie, Elvez; Gloria Tibi, Garrett; Hymn 102; Offertory Humphrey; Sanctus, Wesley; Hymn 207; Gloria in Excelsis, Old Chant; Nunc Dimittis, Anon; Processional Hymn, 557.

At St. Patrick's Church.

At St. Patrick's church the services were very impressive. Smith's full orchestra helped to fill the church with rich melody. Services were held at 8 and 10:30 o'clock, and the musical programme was as follows: Steens Mass; D; Kyrie in D; Gloria in D; "Veni Creator," Miland; Credo; "O Spone Mi"; Duet; Sanctus-Duet; Benedic-tus-Duet; Agnus Dei-Duet; "Regina Coeli," Weaver. Dean E. M. McGinnity conducted the services.

Easter Tea Among Masons.

Janesville Commandery No. 2, Knights Templar, held Easter services Sunday afternoon at Masonic hall, which were conducted in accordance with the ritual of the Sir Knights. There was a large attendance of members and their families. The services were concluded with a banquet, the refreshments being served in the hall.

The Day at St. Mary's.

At St. Mary's a fine musical program was presented at the morning service. The programme was: Le Jeu's 4th mass, choir; Ave Maria by Lemblotte; duet, Messrs. Purched and Burne; Easter Anthem, "Hec Dies," by R. Garbett. Rev. R. J. Roche conducted the impromptu services.

At the School for the Blind.

Easter services were held at the School for the Blind Sunday afternoon, Mrs. S. C. Little being in charge. The exercises consisted in recitations of appropriate bible selections by members of the school, the singing of anthems, and songs by the girls.

In Other Churches.

At the Court Street M. E. church no attempt to decorate was made, repairs in the auditorium making it necessary to hold services in the Sunday school room. Mrs. Mary C. Ninde conducted the morning service, and in the evening Dr. Bosworth conducted quarterly services at 6 o'clock with a love feast in the lecture room.

At the First M. E. church geraniums and other potted plants were tastefully arranged about the pulpit, and the bright blossoms contrasted beautifully with the dark green foliage. Rev. Dr. Bosworth conducted the morning service, after which the sacrament of the Lord's supper was administered. In the evening a sacred concert was given by members of the Sunday school.

Rev. S. P. Wilder conducted the services at the Congregational church both morning and evening, the pulpit and platform being tastefully decorated with potted plants. Three stands, each of which bore pots of blossoming plants, were arrayed about the pulpit, and directly in front was a large begonia in full bloom.

In the Presbyterian church were handsome stands of house plants, palm and fern. In front of the pulpit was a table almost hidden by the plants and flowers, while on each side of the pulpit, ferns and palms swayed to and fro. Rev. Dr. Brown conducted the services both morning and evening.

The pulpit of the Baptist church was half hidden by house plants, arranged in a semi-circle about the pulpit, on each side of which was a stand which upheld two large pots of blossoming house plants. Rev. Mr. Wood, of Morgan Park, Illinois, preached both morning and evening.

At St. Paul's church the twenty young people who were confirmed one week ago, took communion yesterday for the first time. There were confessions at 9:30 o'clock, and at 10:30 a sermon by Rev. Krause, of Clinton.

St. John's church was beautifully dec-

orated with flowers and a special Easter programme was presented.

WAR OVER WOLF WELPHS.

Rival Claimants for a Basketful Worth Sixty Dollars.

C. Erickson, of Beloit, accompanied by a large and a small boy, marched into County Clerk Croft's office this morning. Erickson carried a basket on his arm and in the basket were four dead wolf whelps. The bounty on them amounted to sixty dollars, and as Clerk Croft was about to pay Erickson, the large boy chimed in:

"Are you going to pay Erickson that money?" he shouted.

"Yes," replied Croft. "He has a paper signed by C. N. Nye, a supervisor from Janesville's pioneer merchant, and a boy to whom much of the progress of the city is due."

"Uncle Thomas" Lappin will be missed by all the people of Janesville. Few men there are whose death will be more generally mourned. For some years he has been in poor health, at times dangerously ill, yet he was possessed of a hardy constitution which enabled him to rally. Again and again he suffered the attacks of disease, each time recovering sufficiently to again appear on the streets. His strong frame grew weaker under the weight of seventy-nine years, however. Each succeeding relapse left him less sturdy until finally the terrible struggle between life and death came, and death gained the victory. Mr. Lappin rested easily until nine o'clock Sunday morning when he commenced failing rapidly. His attendants realizing that the end was near, summoned the family. He continued failing, retaining consciousness until half past twelve o'clock, when he quietly closed his eyes in the sleep of death.

The funeral services will be held at the residence, Park Place, at 2:30 o'clock tomorrow afternoon.

Thomas Goldsborough, of Madison University, spent Sunday with his father, Mr. Lappin's arrival there. The following year he opened a general merchandise store, being the first person to engage in the mercantile trade in Janesville. He continued in this business, with various partners for twenty years or more. That he was successful, the substantial buildings which bear his name are enough to show.

He contributed much towards the growth and prosperity of the city. With limited means at first, he did what he could in the way of erecting substantial business property. The Apollo Hall block was one of his early enterprises, followed soon after by the larger block which bears his name at the corner of Main and Milwaukee streets.

On the 21st day of November, 1847, Mr. Lappin was united in marriage with Miss Mary J. Jackson, daughter of the late Timothy Jackson. Four children blessed this union, three of whom survive with the mother, they being Mrs. Edwin F. Carpenter, Mrs. Henry A. Dow and Mrs. Edward M. Hizer.

Will E. Evans is recovering from an attack of the grip which has kept him in his room for a few days.

THOMAS LAPPIN DEAD.

JANESVILLE'S PIONEER MERCHANT BREATHES HIS LAST.

HIS WORK IN THE CITY.

Settling When Janes' Cabin Was the Only Structure, He Saw Promise of a Prosperous City and Worked Hard That His Faith Might be Justified.

By the death of Thomas Lappin Sunday afternoon there was taken away the only structure in the town, the house of a man who had worked hard that his faith might be justified.

"Well I'll notify you right here," said the large boy, "that you can't pay him. This little boy has found the wolves and Erickson only took them out of the nest. The money belongs to the boy."

"G. W. Wheeler, district attorney for Rock county, and I, your trouble before him," said Croft.

Mr. Erickson carried a basket on his arm and in the basket were four dead wolf whelps. The bounty on them amounted to sixty dollars, and as Clerk Croft was about to pay Erickson, the large boy chimed in:

"Are you going to pay Erickson that money?" he shouted.

"Yes," replied Croft. "He has a paper signed by C. N. Nye, a supervisor from Janesville's pioneer merchant, and a boy to whom much of the progress of the city is due."

Edron Gazette—It may interest our friends to learn that the special subscription of four hundred dollars required for red brick was completed March 28, and about one-quarter was cash. This indicates that the new edifice will be built of a very fine quality of red brick, laid in dark mortar. Of the above four hundred dollars (in thirty-six different subscriptions) the amount subscribed by persons not of our congregation is \$133, in thirteen subscriptions. All such outside aid is heavily appreciated. These extra subscriptions may now be paid at the First National Bank to Treasurer James Hause in full, or like the general subscription, they may be paid one-fourth at a time, the first quarter being due on or before April 1st, the second on or before July 1st, etc.

We have not published any call for the first quarter of the general subscription, which is due April 1st, because so many of the subscribers are paying it without such reminder.

Wednesday of this week we wish to pay the extra subscriptions.

Our contractor, Messrs. Wray & Blair, or Fred, are reliable men, noted for first class work. The carpenters have begun their part. The masons and mason work wait only the thawing of the ground. We are planning for such a finish of the windows as shall harmonize with all the rest. At the east end the building will stand up about three or four feet higher than the published height represents it, and there will be at that end a high and well lighted apartment. When the building is completed, we hope to have an edifice which will reflect credit on its builders, on the church and on our city.

W. F. BROWN, Pastor.

ANOTHER DIPHTHERIA CASE.

Gertie Goldsborough Passes From Earth This Morning.

Little Gertie Goldsborough died at the home of her grand parents, Mr. and Mrs. Thomas Goldsborough this morning, aged two years and seven months.

The blow of her death falls heavily on the devoted mother, Mr. Thomas Goldsborough, Jr., her husband having passed away but eight months ago.

Diphtheria was the cause of the little girl's death and the funeral services were held from the home at 4:30 o'clock this afternoon, and the interment was made at Mount Olivet.

REPORT ON SEWERS TO-NIGHT.

The Council Committee Have a Plan for City Draining.

Mayor St. John has called a special meeting of the common council for this evening at 7:30 o'clock. The special order of business will be the report of the special committee on sewerage plans.

Since the appointment of the special committee several civil engineers have visited the city and made examinations, and the committee have gained much valuable information. The engineers have submitted propositions stating their price for furnishing plans and specifications for a complete sewerage system.

No detailed outlines have as yet been given for the system, yet all have been making calculations for the emptying of the main sewer into Rock river near the Monterey bridge. Should the council award the contract for furnishing the plans and specifications, it would require some months for the engineer to make his surveys and establish grades before anything definite relating to the system can be ascertained.
